Swedish Medical Association Paul Dale Paul Dale History In 1948 Dr. Bernard Jensen founded the Swedish Medical Association of California. The Swedish Medical Association of California is the longest-running organization of its kind in the United States. At its inception, Dr. Jensen was concerned with providing an organization to educate physicians about developments in medicine so that when they returned home, they would be better prepared to provide better patient care. This early focus is reflected in the name of our society, the Swedish Medical Association of California. Objectives The Swedish Medical Association of California (SMAC) is dedicated to the following objectives: 1. To be a medical association that serves its members and the public by providing a common, objective, medical body of information and ethical standards to physicians. 2. To foster the profession of medicine by providing an opportunity for the exchange of ideas among physicians, a means of sharing clinical and laboratory research results, a vehicle for continuing medical education, and by conferring the benefits of a scholarly, selective organization on its members. 3. To foster the society of medicine and the practice of medicine by providing a means of defining, understanding, and meeting the needs of its members. 4. To work with other health care organizations in California to provide a forum for discussion and cooperation between doctors and other health care professionals on matters of common interest. 5. To provide a vehicle for the study of Medical Science and the social, political, economic, and ethical issues within the medical field. 6. To encourage and support the society of medicine by providing a means for sharing f678ea9f9e
